CITY OF

RUTLAND, VERMONT

This Annual Report is Dedicated to the Life of Deputy Chief Michael Walsh

This annual City Report is dedicated to the life of Deputy Chief Michael Walsh, who succumbed this past year after a courageous battle with cancer. Mike's uncompromising professionalism and unrivaled leadership were not just an inspiration to those who served with him, but were many times the glue that held the Rutland City Fire Department together.

Deputy Chief Michael Walsh began his firefighting career as a part-time employee of the department before his appointment to a full-time firefighting position in 1974. Over the course of the following 34 years, he not only rose through the Officer ranks but broadened his skills through dedication to his profession as he became certified as Level 1 and Level 2 Firefighter, Paramedic, EMT and most recently, in 2007, as an FAA Airport Firefighter. It was not his level of training that separated Mike from his peers however, it was his God-given leadership ability that garnered the admiration and respect from anyone who came to know him.

Mike's guiding hand will be sorely missed by not only those who served with him, but by those whose lives he touched through his spirit, courage and integrity that he brought to the firehouse and to us all.

109th ANNUAL REPORT

Fiscal Year

July 1, 2000 to June 30, 2001

CITY OF

RUTLAND, VERMONT

This Annual Report of the City of Rutland is Dedicated to

All Lost Children in Vermont

The 2001 Annual Report of the City of Rutland is dedicated in memory to all children who have been lost. There is no greater pain than the loss of a child. Whatever the reason, the lives of their survivors have been changed forever. It's an everlasting pain that we endure, with the hope that something positive will come out of it.

The Vermont Angel of Hope, shown on the cover of this year's Annual Report of the City of Rutland depicts a child's face, its arms raised as a child to be lifted. In its wings are HOPE. The Vermont Angel of Hope represents each lost child and the love they took with them. This monument is a gathering place of love, hope, healing and remembering for those who have lost a child. We hope everyone can feel a sense of comfort and peace as they reflect on their lost children who are gone, but will never be forgotten and whose spirits live on in our minds and hearts forever.

Mayor's Message

John P. Cassarino, Mayor

**To The Honorable Board of Aldermen
and the Citizens of Rutland:**

The City of Rutland started Fiscal Year 2001 with fourteen fewer employees as a result of the early retirement offering that the City had made. However, recognizing that not all of those employees could go without replacing; especially in the areas of public safety, we knew that we would need replacements. The police were already in the hiring process to hire four new officers. Additionally, I spoke with members of the fire department to try to accommodate their requests to hire more firemen during the year as well. This resulted in the hiring of two more firemen.

Using the money received from the Zamias Mall Fund, we rebuilt some downtown sidewalks on Merchants Row and Strongs Avenue and installed some decorative new streetlights and spruced up Depot Park. This has greatly improved the looks of downtown and we hope to be able to continue with this initiative to further beautify our downtown area.

One of the highlights of the year was a visit from the delegation of the City of Rutland's Sister City of Ishidoriya, Japan. We welcomed them with many different gatherings, and arrangements were made for a delegation from the City of Rutland to attend the Fifteenth Anniversary Ceremony of the signing of the Sister City Agreement during fiscal year 2002.

One of the top reasons for authorizing the hiring of more police officers was because of the growth of heroine and other narcotic use within the City of Rutland. Police worked very diligently and performed a major drug bust on September 21st, 2000 involving twelve arrests.

Unfortunately, the drug problem continued in the City and on Thanksgiving weekend there was a horrific double murder in a Robbins Street apartment. Teresa King was kidnapped from the employee parking area at Price Chopper and later killed in New York State by two young men who were using drugs at the time. Both were apprehended and charged with these crimes. Our hearts went out to the victims' families.

As a result of this, I went to the Board of Aldermen to start an initiative to provide more funding to aid the police department in its fight on drugs. The Board allocated \$20,000 from the Zamias money, I got an additional \$20,000 from the Department of Public Safety, received private donations spearheaded by local contractor, John Russell in the amount of approximately \$40,000 all to provide money to our police department to further the fight on drugs. We were also very fortunate to have two canines donated for drug detection, one by the Kiwanis Club and the other by the Women's Auxiliary of the American Legion Post 31.

Additionally, I contacted the National Crime Prevention Council of Washington, DC and coordinated with them to conduct a two-day workshop for the community to put together a drug prevention program to help make our community a safer place to live. This was sponsored by Central Vt. Public Service Corp., Rutland Rotary

Club and Rutland Regional Medical Center. As a result of this two-day workshop, our work is continuing. We have an advisory council, and have employed Avery Cleary as coordinator to work with the neighborhoods of the City of Rutland to have the community build strength against the drug problem and other criminal activities within our neighborhoods.

Recreation and Parks Superintendent Lief Dahlin went on to further opportunities in Augusta, Maine and we wish him well in his endeavors there. He will be missed. We replaced him with EJay Bishop, who had been the program director in the department and is a lifelong resident of Rutland. I had been working with Lief and Lori Hickey and the Southwestern Vermont Council on Aging to form an Elders Commission. EJay has now joined us and we hope to have the Commission in place by Fiscal Year July 1, 2001 - 2002.

In January I was approached by Cindy Merola regarding the Vermont Angel of Hope. This is a memorial of lost children, and she was starting a fund raising campaign to have this angel brought to Rutland. Cindy needed a home for the Vermont Angel and the City offered the site at the Godnick Adult Center (see front cover).

The Rutland Regional Medical Center is doing an expansion project, and in conjunction with that, the City received \$300,000 which had been set aside at the last hospital expansion for traffic and pedestrian improvements. This money has been turned over to the City in full at this time and the City has purchased a sidewalk paver and the necessary equipment so that sidewalks can be placed not only in the area affected by the hospital expansion, but eventually throughout other areas of the city. It is a goal of mine to try and provide as many sidewalks as possible so citizens will be able to walk within their neighborhoods.

The location of the rail yard from the immediate downtown area to an area south of town is still in the works. We received a state grant of three hundred and eighty thousand dollars to study this important project. Those studies are continuing. Hopefully, this relocation of the rail yard will happen in the near future.

The weather has always provided some surprises in Rutland. We've had some serious flooding in the Clover Street area and I was down there personally, working with all other city officials to make sure that the citizens of Rutland were safe. Additionally, there was a blizzard on Election Day. Thank yous go out to the Department of Public Works and the Police Department for getting our streets cleared, and other city officials for setting up the polls and providing transportation for workers to the polls so that the Election Day problems were minimized.

All of the things we have had to do throughout the year take money. The voters on Town Meeting Day approved the concept of the 1% Rooms, Meals and Entertainment Tax. After that, the administration of City Attorney Christopher Sullivan drafted the ordinance and then worked with the Board to get it passed to take effect July 1st of 2001 for the next fiscal year.

As always, it has been a very challenging and rewarding year for me as Mayor. There has been much sadness but it helped mobilize the community to try to address problems and we will continue to keep going in the directions that we have gone. We are working to provide adequate staffing for the police department, fire department and other city department and will continue to do so within the budgetary constraints.

Report of the President of the Board of Aldermen

Christopher C. Louras, President

To the Citizens of the City of Rutland:

After the financial turbulence that plagued the City at the end of FY2000, FY2001 was a relatively stable and uneventful year for the Board of Aldermen. The solutions spearheaded by Mayor Cassarino, and acted on by the Board, fulfilled their goals. The City of Rutland was able throughout FY2001 to provide essential services without jeopardizing public safety or the public good, even though the naysayers said it could not be done. Our hope is that the fiscal restraint demonstrated during this past year is maintained, if not built upon.

At town meeting, the voters approved a nonbinding question to institute a 1% rooms, meals, and entertainment tax. This followed the Board's refusal to unilaterally institute said tax only months before. But after the citizens said that they wanted to proceed with the initiative, the Board passed the tax ordinance after lively debate then optimistically projected \$350,000 revenues from the tax for its first year in hopes of lowering the property tax burden on the citizens.

In another financial matter, the Board took action on a change in accounting procedures required under national municipal reporting guidelines. As of FY2003, the City will no longer be allowed to account for delinquent tax receipts as surplus funds, but they will be fully accounted for as an uncollected receivable and made part of current revenues. Over the short term, meaning FY's 2001/2/3, the City will have artificially low tax rates which will balloon significantly in FY 2004. To control the negative impacts, this Board will need to display greater fiscal restraint this year and next to prevent another crisis like we experienced at the end of FY2000.

Throughout FY2001, the Board of Aldermen built on last year's regional cooperative efforts with surrounding communities. Along with Rutland Town, we made some headway with state sponsored improvements to the Routes 4/7 traffic impact. Also in conjunction with the Town, we secured funding for more detailed study of the rail yard relocation out of downtown to an area south of the city, with a switching spur to the west. As highway access to the region continues to be a concern from the east, this past year the Board has been working with Woodstock and other municipalities to address our eastern road corridor problems.

In conclusion, it is felt that the Board has acted effectively and in the best interests of the City of Rutland and its citizens through this past year and is grateful for the taxpayers' support.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R.J. Graves, City Treasurer

**To the Honorable Board of Aldermen
and Citizens of the City of Rutland:**

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Taxpayers of the City of Rutland. Myself and staff are pleased to submit to you the Annual Report for the year ending June 30, 2001.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the taxpayers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the taxpayer's dollars. This office publishes a comprehensive Financial Report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of \$440,029.29. This fund balance is directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 2001. The City's total Bonded Indebtedness as of June 30, 2001 is \$9,171,360.00. Interest on that debt totals \$2,748,342.50.

The City also maintains Water, Sewage Disposal, and Parking Meter Funds in addition to a number of Trust and Agency funds.

The Financial Report will be audited by an independent certified public accounting firm. The audit was designed to meet requirements of the City, State, and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff by the Finance Department which is made up of the Treasurer's Office, Data Processing Department, and Purchasing.

**Report of the Building Inspector/
Zoning Administrator**

**James P. Simonds, Inspector/
Zoning Administrator**

**To the Honorable Board of Aldermen
and Citizens of the City of Rutland:**

I am pleased to submit to you the annual report of the activities of the Building and Zoning office for the fiscal year ending June 30, 2001. This year 1,210 Certificates of Occupancy were issued.

The breakdown for construction that has taken place this year is as follows:

193 Building Permits were issued:	<u>Value</u>
New Commercial Construction	\$ 1,323,000.00
Commercial Renovations	3,266,403.00
New Residential Construction	1,980,000.00
Residential Renovations	1,825,993.00
Total Fees Collected:	\$ 17,439.32

Other:	<u>Fees Collected</u>
52 Electrical Permits	\$ 1,560.00
20 Sign Permits	800.00
27 Zoning Board of Adjustment Hearings	2,700.00
5 Subdivision Hearings &	
2 Proposed Zoning Change Hearings (combined fees)	875.00

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, the City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Report of the Board of Zoning Adjustment

Stephanie A. Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Board of Zoning Adjustment is pleased to submit the annual report for fiscal year 2001. Members: Stephanie A. Lorentz, Chairperson, Andrea Hubbard MacLauchlan, Martha Hogan Henry, Diane Sabataso, Jeff Washburn, Michael Brookman and Stephen Reilly.

We held 26 Public Hearings for variance requests. Hearings are scheduled on the 1st and 3rd Wednesdays of each month and are held in Aldermanic Chambers. The hearings are warned to give advance notice to the public so they may participate in the hearing. Our obligation is to determine whether or not the statutory five criteria were satisfied, to investigate discrepancies and interpret the Zoning Ordinance, as written.

The Board wishes to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, Zoning Administrator, Carol Wagner, Clerk, Zoning Board and the Mayor for their continued support of our efforts.

Report of the Legal Department

**Christopher P. Sullivan,
City Attorney/Grand Juror**

**Henry C. Brislin,
Assistant City Attorney**

**To the Aldermen and Citizens of the
City of Rutland:**

The Legal Office continued to provide advice and legal representation to the Mayor, Board of Aldermen, Department Heads and the various Boards and Commissions of the City throughout the 2001 fiscal year.

The Board of Aldermen placed before the voters the idea of a rooms, meals and entertainment tax. The voters approved the idea, and the Legal Office drafted and worked with the Charter and Ordinance Committee, and the full Board, on an ordinance. After passage, the Legal Office worked with the Treasurer's Office devising forms for payment of the tax, and interpretations of who must pay the tax as well as when the tax must be paid.

The legal office aided the Mayor in working with the Board of Aldermen, police department, prosecutors and other state and federal agencies to obtain additional funding to assist the City in its efforts to increase its fight against drugs in Rutland. The office participated in the Mayor's partnership with the National Crime Prevention Counsel to mobilize the community in the fight against drugs.

Other activity during the year included, a civil suit a former police officer of the Rutland Police Department filed in Rutland Superior Court claiming that he was wrongfully discharged by the City. The Legal Office worked closely with outside counsel, and the action was dismissed by the court very early in the proceedings. Although other suits are ongoing, none deserve special mention in this report and are of little significance or impact to the City.

The Legal Office has continued to implement risk management strategies to avoid as many legal actions against the City as possible and prevent injuries to individuals working, living and visiting our City. Working with the National Crime Prevention Counsel and the Vermont League of Cities and Towns will assist in our efforts to implement further risk management strategies to make Rutland a safer place to work, live and visit.

Union contracts expired as of December of 2000 and negotiations began with the Department of Public Works and Police Unions. These negotiations are continuing as of this writing.

Additionally, this office has continued working closely with Mayor Cassarino, the Board of Aldermen, and the department heads assisting in the management of City Government with great emphasis on increasing the Grand List, increasing efficiency, and reducing costs focusing on the best interests of the taxpayers of the City.

This office assists the Building and Zoning Department, Mayor's, Treasurer's and Tax Assessor's Offices, Department of Public Works, Fire, Police and Recreation

as well the Rutland Redevelopment Authority by providing legal advice, research and representation in litigation as well negotiating contracts and mediating disputes among other practical and legal work.

The City Hall renovations were completed this year, and the Legal Office was in a state of transition. Offices were moved, boxes were filled with books, and the office shared its secretarial duties with the Mayor's office. The Mayor's Assistant, Jean Ross, did a fine job of handling both offices; however, given the volume of work necessary in the Legal Department, the Legal Office has been searching for a legal assistant. As of this writing Andrea Wilder has been hired as the Legal Department's legal assistant.

It's been a busy and productive year. It's been a pleasure representing the interests of the City and this office looks forward to continuing to provide the legal services to the City of Rutland this coming year.

Office of the City Clerk

Darlene A. Gregory, City Clerk

To the Citizens of the City of Rutland:

The following is the report of the City Clerk for the year ending June 30, 2001.

Earlier this year, with the help of the Public Works Department, our office moved 200 years of City Land Records into the new land record vault. The new vault was built last year as part of the City Hall Renovations. I am pleased to say that the new vault has received rave reviews from all who have used it. The renovations to the City Clerk's office continue on. We are still in the process of finishing the general decorating of the office area. We are also in the planning stages of moving our vital records from the small vault room, where they now reside, into the larger vault area where the land records used to be. We hope to accomplish this task before the end of the 2001 year. Moving these records will make them easier for us to safeguard as well as allowing easier access to the records.

I would like to thank Mayor Cassarino, the Board of Alderman, all the City Departments, my co-workers in the City Clerk's Office and the people of the City of Rutland for their continued support.

I look forward to serving the people of the City of Rutland in the year to come.

LAND RECORDS:

11,598 pages of land records were received, recorded and microfilmed by our office. The cost of recording land records is \$7.00 per page. This fee is set by state statute.

VAULT RESEARCH:

2,481 people signed into the City Clerk's vault to research land records and vital records. The vault is open to the public from 9:00 a.m. until 4:45 p.m. Monday through Friday at \$2.00 per hour.

VITAL RECORDS:

Certified copies of Rutland City Vital Records are available at \$7.00 for each copy. These may be obtained by stopping into our office or by mail. If you stop in it only takes a few minutes to receive a certified copy.

LICENSES:

Our office issued the following licenses to date for the current licensing year:

57	First Class Beverage Licenses
35	Second Class Beverage Licenses
62	Tobacco Licenses
1	Bowling Alley
11	Circus, Fair & Carnival Licenses
27	Coin Machine
1	Farmers' Market
9	Hotel/Motel/Inn
23	Peddler/Solicitor/Transient Merchant
25	Pool Table
108	Restaurants and Victualing Establishments
2	Theater
1	Truck Show

DOG LICENSES:

1065 dog licenses were issued to date. We begin issuing dog licenses the second week in January of each year. All dogs 6 months or older must be licensed. The deadline for licensing dogs throughout Vermont is April 1st of each year. After April 1st dogs must still be licensed but there is a penalty fee in addition to the regular license fee.

DOG LICENSE FEES:

Spayed or Neutered Dogs licensed before April 1st:	\$ 9.00
un-spayed or un-neutered Dogs licensed before April 1st:	\$13.00
Spayed or Neutered Dogs licensed after April 1st:	\$11.00
un-spayed or un-neutered Dogs licensed after April 1st:	\$17.00

To license a dog in Vermont you must provide the clerk with an original Vermont Rabies Certificate and if the dog has been spayed or neutered we must also see the spaying or neutering certificate. Sorry, dogs cannot be licensed through the mail.

ELECTIONS:**Changing your voting address or registering to vote:**

If you are registered to vote in Rutland City and have moved to a new address within the City you may change your voting address over the phone by calling our office at: 773-1801.

If you have moved here from another town or State you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes.

March 6, 2001 Annual City Election

Eligible voters:	11,586
Ballots cast:	2,880
Percentage of voter turnout:	24.86%

The following officers were elected:

Mayor: (2 year term)
John P. Cassarino

City Treasurer: (2 year term)
Ronald J. Graves

City Assessor: (2 year term)
Barry J. Keefe

Aldermen:
Paul Barbagallo, Michael Coppinger, Betty M. Ferraro, Cheryl M. Hooker,
Christopher C. Louras, Joe Tilden

School Commissioners: (3 year term)
Peter Forshay, Douglas Gage, Jonathan A. Mihal

Volunteer Program, Southwestern	
Vermont Council on Aging and	
Interage	\$36,975
Marble Valley Regional Transit/The Bus	\$46,140
Regional Ambulance	\$86,592

Rutland Fire Department

Gerald Lancour, Chief Engineer

**To the Honorable Board of Aldermen
and the Citizens of the City of Rutland:**

I respectfully submit the Annual Report for the City of Rutland Fire Department for the Fiscal Year July 1, 2000 through June 30, 2001.

The City of Rutland Fire Department is committed to provide dependable service in a professional manner, by protecting lives, property, and our environment through fire suppression and prevention, hazardous materials mitigation, emergency services and community education.

During this past fiscal year; Lt. Robert L. West retired due to a job-related disability after thirty-three years of faithful service to the city. Also, Firefighters Thomas Navin, Jon Cole, John Mazzariello, Wilbur DuBray and Michael Barron took advantage of the Early Retirement package offered by the city. Together, these five men gave the city one hundred fifty years of faithful service. To these six men I say thank you for your dedication and best of luck to you in your retirements and future endeavors.

Also this year, three new members joined the ranks of Firefighter. They are Aron Adamsen, John DiPalma and Victor Miglorie. To these men I say welcome aboard and wish them well in their tenure with the City of Rutland Fire Department.

During this past year, your fire department responded to a total of 806 emergency calls. Of these, 81 were structural fires or fires within a structure, 18 were vehicle fires, 91 were rescue or medical assist calls, 44 were rubbish, grass, brush or dumpster fires, 50 were for hazardous conditions, 40 were service calls to assist citizens, 192 were false, accidental or malfunctions of systems, 161 were good intent, nineteen were storm related and 10 were other types of situations.

Three General Alarms were sounded during this past fiscal year. They were: 31 Cottage Street, July 5; last house on Park Street, September 2; and 109 Oak Street, December 21. I am happy to report that there was no loss of life or serious injuries occurring at any of these fires. There were 14 second alarms transmitted for fires or other emergencies requiring an additional shift. There were 33 calls to Mendon, Vermont, which we cover by contract. These calls also require a second alarm to be transmitted for coverage while we are out of the city limits.

Our department determined the cause and origin of all fires, and assisted with the investigation of any fires deemed to be suspicious.

During this past year, the members of this department participated in over 1,237 hours of training. Daily instructional classes cover recertification for Firefighter Level 1, as mandated by the Fire Service Training Council, as well as other fire service related topics. Additional specialized training included Aircraft Rescue and Firefighting exercises in New Hampshire and Massachusetts for our ARFF Team.

The City's fire alarm system continues to grow and be upgraded under the guidance of First Assistant Chief Patrick Hurley and Fire Alarm Technician Mark Meszaros. Members of the B shift have spent approximately 120 hours maintaining

the system. Over 10,500 feet of new fire alarm wire has been installed to upgrade the old steel wire that services the city's 120 fire alarm boxes. Some of this wire was over sixty years old. This is an ongoing project that will take a few more years to complete. Another 60 hours were spent by various members of the department in the bi-monthly testing of all master and street boxes. Four new master boxes were installed. They were: Baird Center, Park Street, Our House, Jackson Avenue, City Hall and the new Police Department. During the winter months, four street boxes were removed and refurbished. This is also an ongoing project. Another 20 hours have been spent maintaining the traffic signals and school speed zone lights.

Other projects this year included running fiber optic and phone cables for the school department from the Pierpoint Learning Center to Northwest School, and installing communications cables from the fire station to the new police station.

Five members of the B shift also donated two days of their time to the Rutland High Athletic Programs, repairing the lights at the football field on Woodstock Avenue so that night games could be continued.

The Fire Department has reinstated the position of Station Mechanic as a cost-saving measure for the taxpayers of Rutland. This person will be responsible for oil changes to some of the apparatus, pump repairs and general mechanical work.

To ensure the safety of our student population, the department spent seventy hours observing fire drills at all educational facilities within the city with representatives of those facilities present, to help ensure compliance with N.E.P.A. 101. Our department would like to thank the Superintendent of Schools, school principals and teachers, the Maintenance Department, Mr. Wil Lanfear, and all the students for their cooperation during these fire drills.

Our ongoing fire education and safety programs, under the direction of Assistant Fire Chief Gary Gregorio and Captain Michael Walsh, were again provided to all students in grades pre-K through four who are enrolled in the City of Rutland school system. These programs have been developed and presented by the Officers and Firefighters of this department in an effort to provide safe home environment and to promote fire safety in all aspects of daily living. These programs served approximately 1,300 students. In addition, numerous tours of the fire station were conducted for students and adults from both the city and outside towns. These tours also included fire safety presentations.

In closing, I would like to inform the citizens of Rutland that I will be retiring as Chief Engineer effective November 1, 2001, after 37 years of service. It has been a pleasure serving you and doing a job that I loved. Once again, thanks.

Planning Commission

John A. Facey, III, Chair

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

This Report will summarize the activities of the Rutland City Planning Commission during the fiscal year beginning July 1, 2000 and ending on June 30, 2001. The Planning Commission completed a proposed redraft of the City's Zoning Ordinance in FY2000. The Planning Commission has been working diligently on completing a new proposed City Zoning map and has recently approved a new map. Public hearings are now scheduled for the new zoning ordinance in September.

The Planning Commission reviewed approximately 25 "subdivision" applications during the fiscal year. The Planning Commission has two seats on the Rutland Redevelopment Authority Architectural Review Committee that reviews all development proposals in the Downtown District. Barbara Allen continues as our Secretary. Barbara also works with the Rutland Redevelopment Authority.

The Commission consists of Jack Facey, Chair, Ted Robare, Vice Chair, Jim Pell, Susan O'Rourke, Kathleen Valente, Carolyn Baker, Peter Giancola, Alvin Figiel, and Joe Tilden. The Planning Commission meets on the first and third Wednesdays of the month at 7:00 PM. in the Aldermanic Chambers.

The Planning Commission wishes to thank Mayor Cassarino, City Attorney Christopher P. Sullivan, and Zoning Administrator James Simonds for their advice and assistance as well as those citizens who attended our public hearings and gave us the benefit of their thoughts and experience.

Rutland Regional Planning Commission

The Commission's Mission is to "provide leadership and technical expertise to encourage cooperative planning with and among the region's Communities and area wide interests; and, strive to improve the quality of life for people in the region by promoting harmony between sustainable economic development, environmental interests and other planning issues."

In pursuit of that Mission, the Commission continued to work closely with the region's 27 communities to create a cooperative and positive planning process and:

- Provided technical assistance on planning and zoning issues to communities including Benson, Brandon, Clarendon, Castleton, Danby, Middletown Springs, Hubbardton, Fair Haven, Pittsford, Proctor, Poultney, Rutland Town, Rutland City, Sudbury, Tinmouth, Wallingford and West Rutland;
- Assisted West Rutland, Tinmouth, Danby, Proctor, Shrewsbury, Poultney, Hubbardton, Rutland City and Castleton to apply successfully for funds through the Local Planning Assistance Grant programs;
- Continued our very successful cooperative purchasing program and saved Brandon, Castleton, Chittenden, Clarendon, Danby, Fair Haven, Hubbardton, Ira, Killington, Mendon, Middletown Springs, Pawlet, Poultney, Rutland City, Shrewsbury, Tinmouth, Wallingford, Wells, West Rutland, non-profits and school districts substantial amounts on their fuel oil, diesel and gasoline;
- Continued support of the Rutland Region Transportation Council in their planning for the future transportation needs of the Rutland Region;
- Continued providing maps and other data using our geographic information system which helps local decision making;
- Worked with the Rutland Economic Development Corporation and the Rutland Region Chamber of Commerce, on a regional strategy to better coordinate planning, economic development and travel and tourism activities; continued support of the Rutland Region Education Alliance in their work to improve education and training in the Rutland Region and help prepare all students for the community and the workplace;
- Updated the Transportation Section of the Regional Plan as well as the Education, Public Facilities, Housing and Energy Sections. The Plan was re-adopted for another five years;
- Began preparation of a Regional Development Strategy in cooperation with a number of other regional organizations. The Strategy will be used to update the Economic Activity Element of the Plan.

Please join us as we continue these and other efforts to generate regional cooperation and make planning in Rutland County a truly grassroots process.

For the thirteenth consecutive year, dues will remain at \$500. All communities are voting members of the Commission regardless of whether or not they pay dues. Dues paying members receive discounted technical services and are able to participate in the cooperative fuel purchasing program.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2001.

The Grand List at April 1, 2001 totaled \$687,723,057 which reflects an increase from April 1, 2000 of \$2,048,215. Therefore, over a two year period the Grand List experienced an increase of \$10,576,223. Under Act 60, the Equalized Education Grand List (EEGL) which is used to calculate the State's contribution to educational funding is of utmost importance. The Equalized Education Grand List is calculated by using the total real property value plus the cable TV Business Personal Property and then the real estate equalized by applying the results of the Aggregate Fair Market Value Study (AFMVS). The AFMVS is performed annually by the City Assessor using sales over a three-year period. These sales are measured against the listed value and the ratio of that relationship is calculated as a percentage. A coefficient of dispersion is developed and the data is used by the State Education Department in determining funding for our schools. It is also a useful tool in tracking the accuracy of our listed values. This year the rate was 97.75%. Because I successfully appealed the final computations used in the Equalized Education Grand List, we were able to take out \$5,205,136 for a redetermined EEGL of \$680,391,388 for 2000. Using that as a beginning balance, we actually enjoyed a \$7,331,699 increase in the 2001 Grand List.

After adding new construction and renovations and subtracting for demolitions, the Grand List's real estate grew \$4,975,980 primarily centered in new construction. The health of the local economy, favorable interest rates and the moratorium on water service installation fees have all spurred this activity. The machinery and equipment increased \$2,455,689. We continue to build this important contributor to the Grand List as more businesses are upgrading computer equipment. Computer hardware and more specifically medical diagnostic equipment share the lead as growth areas.

I sent out 527 notices of change in assessment of which 144 were real estate. With over 6,000 parcels in the City, I had a total of 66 grievances. As of this writing, it is undetermined how many will continue appeals to the Board of Civil Authority.

We are experiencing an upswing in the real estate market, particularly in the single family residential area. Our office works closely with appraisers and real estate professionals and most report an extremely active market as the property transfer returns bear witness. The occupancy rates for multi-unit apartments are very healthy and landlords have reported positive cash flows, which drives what a prospective buyer is willing to pay. The commercial and industrial categories continue to be static. Downtown is looking better than ever. Renovations at First

Vermont Bank and the Keelan Company's work to the former Green Mountain Bank building on West Street are encouraging as people continue to invest in the downtown core.

Our office will be busy this year as we work on developing a universal parcel numbering system in compliance with a provision enacted in the last Legislative session. All municipalities in the State will have the same system so the Tax Department can streamline the homestead rebate process. The timing could be beneficial since we are currently working on 911 numbering and Geographical Information System Management (GISMO). It is my desire to coordinate these activities so we build right the first time.

The Assessors Office works very closely with the office of Building and Zoning and I thank Jim Simonds, Pam Petrie and Carol Wagner for sharing information efficiently and in a cooperative manner. My Administrative Assistant, Marlies Washburn, in her second year of the process really did a great job picking up new businesses for Business personal Property. She also does all the data entry to the main frame. She is courteous and extremely efficient in the delivery of services to the public. With a two-person office it can get hectic at times trying to meet deadlines. Her patience is much appreciated.

I thank the people of this fine City for their support in carrying out this function. It is a pleasure to work with you.

Police Department

**Anthony L. Bossi,
Chief of Police**

**To the Honorable John Cassarino,
Board of Aldermen and
Citizens of the City of Rutland:**

I respectfully submit the annual report for the activities of the Rutland Police Department for the fiscal year ending June 30, 2001. In this report, I will highlight the significant events of your Police Department during this past year. As always, I would encourage citizens to contact the Department with specific questions or concerns.

It was last year at this time that the Department moved into its new home at 108 Wales Street. This move has allowed for much needed work space and most importantly a facility that is much safer for the general public as well as the staff. The Dispatch Center in the new building has recently been completed and Dispatch personnel are now working out of their new office.

In September of 2000, the Rutland County Sheriff's Department moved into rented space in our building. This has proven to be very beneficial for both agencies. It has allowed for a more cooperative arrangement between the agencies by sharing of some resources. Additionally we have entered into partnerships for grant applications.

Four new officers have been added in the past year. Henry Alberico, Joseph Raitlett, Craig Hunt, and Gregory Sheldon have all been sworn in. Additionally, the Department was able to fund one dispatch position that had been lost due to budget shortfalls last year.

As reported last year the area has seen a dramatic increase in drug abuse that has led to an increase in property crimes. Eighty percent of property crimes can be linked directly to drug and alcohol abuse. This is because of the need for quick cash to support a drug abuser's increasing need for more of the illegal substance.

Tragically, in November of 2000 a local woman was kidnapped from the City and was later killed in New York State. This investigation led to the discovery of double homicide victims within the City. Two suspects are in custody facing both Federal and State charges. These three tragic deaths are directly linked to the ever-growing drug problem within the State.

In response to this tragedy, Mayor Cassarino spearheaded fundraising efforts to raise money for enforcement efforts specifically targeting drug abuse. Through the generosity of some local businessmen, \$20,000 was raised for the dedicated purpose of enforcement activities targeted at drug violations. The Department also received a \$20,000 State Grant for countywide drug enforcement.

The Department has reactivated its Drug Unit and two Officers have been assigned to work full-time on drug cases. Previously, there was one officer from this Department assigned to the Southern Vermont Drug Task Force and he has been reassigned to this Drug Unit.

Additionally, the Kiwanis Club and the American Legion each donated \$5,000 for the purpose of adding two canines to be trained for drug detection. Officers Prouty and Delpha were selected as canine handlers and have completed the required training with their canines for certification in drug detection.

We have just been notified that the Department and the Rutland County Sheriff's Department have been awarded a joint grant in the amount of \$40,000. Again this money will be used for overtime funds for enforcement in both drug and alcohol abuse.

In order to reduce the drug problem, it must be addressed on three fronts:

Prevention, Education, and Enforcement. The Department has for a number of years worked with younger school age children through the DARE Program which addresses such issues as substance abuse and peer pressure. The School Resource Officers are also available to address concerns or questions and may be able to spot substance abuse problems in particular students before they escalate.

In addition to the enforcement activities previously mentioned, there also needs to be a higher emphasis on prosecution. The Department and the Office of the State's Attorney have been meeting to discuss ideas as to how this can be addressed. There is a bill pending before the Legislature which would enact a Drug Court whose purpose would be hearing first time drug offense cases and who would have the authority to make referrals to drug treatment programs. Medical professionals have also had numerous discussions on treatment issues.

Addressing the drug problem as well as other quality of life issues will also require the involvement and support of the community as a whole. The Department has already witnessed a good deal of community involvement in the battle against drugs and for this we are very grateful. In June of 2001 the National Crime Prevention Council held a Community Crime Prevention Workshop. From this workshop the City of Rutland and the Police Department are developing its own program called RUN, Rutland's United Neighborhoods. The plan is to divide the City into five sectors for the Police Department. Officers of the Department have been divided into groups to cover these five areas in an attempt to solve ongoing quality of life issues. This program does have similarities to the Neighborhood Watch Program. Each area will have regularly scheduled meetings and a contact person assigned.

The Department recently began offering RAD (Rape Aggression Defense) Classes instructed by Det. Raymond Lamoria and Cpl. Christine Gregorio. This program teaches self-defense techniques to help women feel more secure in their ability to defend themselves. The program has received positive feedback from those who have participated and classes will continue to be held periodically.

Another very successful program has been the Kids and Kops Program. All personnel have baseball cards with their pictures, biography, and a particular safety message. It is the intent of this program for children of the community to meet police personnel in a positive situation. It is hoped that through this interaction the staff of the Police Department is in more positive contact with the children and the public.

In addition to the grants aimed at drug enforcement, the Department has been fortunate to receive others as well. We have received a \$47,000 LLEBG grant to be

used for the purchase of equipment such as bulletproof vests, crowd control gear and portable radios. These grants have allowed your Police Department to purchase necessary equipment and remain current with technology at no cost to the local taxpayer.

The Department has also received a \$2,000 Bicycle Safety Grant from the local McDonald's Restaurant with a matching amount from its corporate office. The State of Vermont also awarded the Department a \$12,000 grant to be used for truck enforcement.

Department Manning is presently at forty sworn officers and ten civilian positions. Personnel have logged over 5,000 training hours. In addition to State mandated training, all members of the Department have attended diversity training entitled, "A Dialogue Related to Race."

On behalf of all members of the Rutland Police Department I would like to thank the citizens of Rutland for their continued support. I encourage all citizens to report suspicious or unusual circumstances to the Department.

I would also like to thank the members of the Rutland Police Commission, Mayor Cassarino, and the Board of Aldermen. The Department and the City as a whole have benefited greatly from their involvement and dedication. The Department has also built very positive relationships with other City Departments as well as area law enforcement agencies. We have been extremely fortunate to have available resources from both the Rutland County Sheriff's Department and the Vermont State Police.

Finally, I would like to congratulate the men and women of the Department for a job well done. During the past year they have faced many new challenges and I am proud to say they have responded extremely well.

The definitions for Part I and Part II crimes used in the Vermont Crime Report are specified by the Federal Bureau of Investigation as part of their national Uniform Crime Reporting program. The standard definitions are used by all law enforcement agencies across the nation to ensure uniformity and comparability of crime data.

PART I CRIMES

Criminal homicide –

- a. Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to:
 - 1) the killing of a felon by a law enforcement officer in the line of duty; and
 - 2) the killing of a felon by a private citizen.
- b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a Part I crime, it is not included in the Crime Index.

Forcible rape – The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used - victim under age of consent) are excluded.

Robbery – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary – breaking or entering - The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny – theft (except motor vehicle theft) -The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are theft of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, "con" games, forgery, worthless checks, etc., are excluded.

Motor vehicle theft – The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

PART II CRIMES

Forgery and counterfeiting – Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

Fraud – Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting.

Embezzlement – Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing – Buying, receiving, and possessing stolen property, including attempts.

Vandalism – Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Sex offenses (except forcible rape, prostitution, and commercialized vice) – Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

Drug offenses – State and local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

Family/children (Offenses against) – Non-support, neglect, desertion, or abuse of family and children.

Liquor violations – State or local liquor law violations, except "drunkenness" and "driving under the influence." Federal violations are excluded.

Disorderly conduct – Breach of the peace.

Simple assaults – Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Weapons; carrying, possessing, etc. – All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.

Prostitution and commercialized vice – Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

Gambling – Promoting, permitting, or engaging in illegal gambling.

Vagrancy – Vagabondage, begging, loitering, etc.

Driving under the influence – Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

All other offenses – All violations of state or local laws, except those listed above and traffic offenses.

Department of Public Works

Warren F. Conner,

Commissioner of Public Works

**To the Honorable Board of Aldermen
and Citizens of the City of Rutland**

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 2000-2001.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. This Department is responsible for the day to day maintenance and operation of city streets, sanitary sewer collection mains (including the Alpine Pipeline), storm sewer system, water distribution mains, protection of the city watershed, the operation and maintenance of the wastewater treatment plant and its associated pumping stations, and the reservoir, water nitration and water storage facilities.

The Department also works closely with the City's Building and Zoning, Emergency Management, Attorney's, Police, Fire and Recreation Departments, as required, in both emergency and routine situations. The Department also provides technical and logistical support to the Rutland Redevelopment Authority and the Downtown Partnership.

The Public Works Department responds to citizen concerns and complaints on a daily basis and emergencies on a 24-hour on-call basis. Citizens are reminded to contact the Police Department if an emergency arises when the Department's business office is closed.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would also like to thank Mayor John Cassarino, the Board of Aldermen and the other department heads for their cooperative and courteous attitude towards the Department.

The Department of Public Works will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Warren E. Conner, P.E., L.S., Commissioner and City Engineer

Alan Shelvey, P.E., L.S., Assistant City Engineer

The Engineering Division provides engineering and technical services for each division of this Department and for all other Departments within City government. It compiles and updates records of the City owned utilities and street system and locates and marks out City owned utilities as requested for the benefit of contractors, property owners and others performing work that may impact those utilities. Contractors are reminded that "Dig-Safe" does not mark out City utilities. Please call the DPW before digging in the City.

This Division prepares plans, contracts, easements, deeds and other documents required for the completion of various City projects. We also review technical designs and specifications for city projects let out to bid, and for streets and utilities built by developers that will be taken over by the city upon completion. Documentation and submittals for various State permits are often prepared by the engineering division.

In addition to its routine work, in Fiscal Year 2000-01 the Engineering Division:

- Prepared plans and specifications for repairs to the West Street Bridge over East Creek, applied for and secured a 2/3 funding grant from the Vermont Agency of Transportation and put the project out to bid. Giancola Construction Company of Rutland was low bidder and was awarded the contract. Work is expected to be completed in the fall of 2001.
- Continued work to develop a Geographic Information System (GIS) for the City on an "as time is available" basis. 4,212 of the nearly 7,000 lots in the City have been added to this program along with various utility information, zoning districts, flood plains, wetlands, etc. Although far from complete, this system has already proven useful for planning and permitting purposes.
- Applied for and received a Municipal Planning Grant from the Vermont Agency of Commerce and Community Development. This grant is being used to conduct a GIS Needs Assessment and Implementation Plan to assist in planning for and expanding the GIS program to include other departments in City government. Marin Environmental of Richmond, Vermont is the consultant assisting in this study.
- Assisted the Planning Commission and the Zoning Administrator in the development of a new proposed zoning district map.

Other projects that this Division was involved with include the preliminary planning and contract document development for the construction of another finished water storage tank at the reservoir, Alpine Pipeline upgrade on Killington Avenue, continued planning for the replacement of Dorr Bridge (River Street over Otter Creek); the Rail yard Relocation Project, and the Downtown and Gateway Signage Study

The Division reviewed 193 building permits in conjunction with the Building Inspector's office.

The Engineering Staff consists of Peter Kelley, Alan Shelvey, and Warren Conner, who together represent 79 years of service to the City.

City Forest and Ornamental Trees

David S. Schneider, City Forester and Arborist

The City Forester and Arborist is responsible for the care and maintenance of all City owned ornamental trees and the 4,000 acres of forested watershed properties located in Mendon and Rutland Town.

The sale of timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of potable water. All timber sales conducted on City property are designed to promote long-term improvement of timber quality and wildlife habitat while providing periodic income in the sale of veneer logs, sawlogs, pulpwood and firewood. One timber sale was conducted within the watershed and was purchased by BearPaw Lumber of Fryeburg Maine for \$87,000.

Students from the Stafford Technical Center's Forestry and Natural Resources program continue to learn Forest Management and Logging techniques within the Municipal Forest. Students performed a small White Pine salvage thinning designed to remove diseased and poorly formed stems. Remaining trees were pruned to promote a higher quality lumber in future harvesting operations. These students were also responsible for approximately one mile of boundary line maintenance within the Municipal Forest.

The City's ornamental tree program continues to add beauty and shade to our streets and parks. During the year, one hundred and forty six trees were planted with eighty-four of those trees transplanted from our tree nursery. Maintenance procedures were performed on fifty-eight trees and an additional thirty-one trees were removed. A grant from the Vermont State Department of Forests, Parks and Recreation's Urban and Community Forestry program funded additional maintenance on twenty-one trees in Main Street Park. A systematic pruning program was begun in the fall and over two hundred additional trees were pruned to improve form, provide street and sidewalk clearance, and to improve traffic safety. Because of our City's continuing dedication and commitment to our shade trees, Rutland received its tenth straight "Tree City, USA" award from the National Arbor Day Foundation.

The City suffered tragedy during the year 2000 with the early retirement and subsequent passing of David A. Richards, Rutland City Forester and Arborist. For twenty-eight years, David served this community by planting trees, managing the timber resources, and protecting our watershed. Fittingly, David was remembered for his life's work with a granite memorial and tree planting at our annual Arbor Day Ceremony in Main Street Park held in early May. The Main Street Park Arboretum is living testimony to David's efforts in making Rutland a great place to live and work. We shall all surely miss him in the years to come.

Streets Division

Paul G. Clifford, Streets Division Manager

Once again the Street Division met head on with Mother Nature, during one of our busiest snowfall seasons to date. Special thanks go to all other Division personnel who responded to keep roadways and sidewalks passable. You all did an outstanding job. I would also like to say thank you to our personnel for everything they do during the summer season. Sidewalks, curbs, patching ditches, not to mention roadside projects, picking up deceased animals and cleaning the parking deck to say the least. I speak for all of us in the Streets Division, that we will continue to serve the City of Rutland to the best of our ability.

The members of the Streets Division are:

Daniel Maniery
Rick Battles
Fred Rathjen
Jim Lawrence
Kevin Schaner
Erwin Pinney
Karl Rusiecki
Brian Schaner
A. Lee Carrara
Dana Truman
Bill McGinnis
Craig Burton

Mechanics:

Steve Longley
Pete Billings
Kim Moriglioni

Thank you all.

Water Meter Division

Mary Anne Courcelle, Meter Division Supervisor

The Meter Division is responsible to read approximately 6,000 water meters each quarter, investigate complaints of high billing and replace meters as necessary. Special readings for real estate closings, water turn off and on and associated record keeping is the responsibility of the Division. The meter crew also assists the other Public Works Divisions in emergency situations such as water main leak repairs and snow removal.

The Meter Division is in the process of upgrading existing meters with new electronic "touch pad" type meters. This project is approximately 60% complete with 3630 meters upgraded to date. 840 touch pad meters were installed in the past fiscal year. I would like to thank the residents that worked with us to replace their meter.

I would like to extend thanks to the Meter Division staff for the exceptional job that was done through the past year. Our focus has been to further increase customer service by making all efforts to notify owners of possible leaks and high water usage as the meters are read. Immediate action to make needed repairs, instead of months later when billing is received, has been a great savings to many residents and property owners.

Thanks to go out to the Meter Division for their quality service and team effort.

Water Distribution

John Havens, Water Distribution Manager

- 11 new domestic taps
- 5 sprinkler taps
 - 2 - 4" taps at 194 and 196-8 Columbian Ave.
 - 1 - 4" tap at 162 Jackson Ave.
 - 1 - 6" tap at 271 No. Main St.
 - 1 - 8" tap for F.W. Webb Co. in Rutland Town
- 6 house service relays
- 1 disconnect on house torn down
- 16 curb box repair and replace
- 2 valve repairs
- 21 water leak repairs
- Replaced 3 old hydrants with new Mueller hydrants and installed 1 new hydrant. Repaired 8 hydrants in the City and 1 hydrant in the Town as part of our Maintenance Agreement.
- Performed 3 hydrant flow tests for various sprinkler companies and fire insurance companies.
- New water main installation
- Replaced the old 3" water main on Williams St. between Lincoln Ave. and Nichols St. with 420' of 6" D.I. pipe, 3 new valves and 1 new hydrant. This relay eliminated 2 dead end lines that have caused us trouble in the past with freeze-ups.

I would like to thank the members of the Water Department and other Public Works personnel for their assistance during this past fiscal year.

Water Treatment Division

Mike Garofano, Water Treatment Manager

Scott Taggart, Asst. Water Treatment Manager

The City of Rutland's Slow Sand Water Filtration Facility treated a total of 808,429,400 gallons of water during the last fiscal year. That equates to approximately 2,214,875 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilic acid (fluoride), and zinc-orthophosphate for corrosion control.

The citizens of Rutland approved a bond for a new 2.5 million gallon water storage tank in March. This tank will be constructed in the 2002 construction season. This division with the aide of other department employees prepared the site for the project saving the taxpayers a substantial amount of money.

This division also worked on various projects to insure the water quality entering our system meets or exceeds all State and Federal standards. We have updated our Source Protection plan as well as reviewed proposed plans for work in our watershed area. Water quality monitoring in the watershed and in the distribution system has increased and will in the future as new regulations are promulgated.

We would like to thank everyone that has helped us throughout the year.

Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

David P. O'Neill, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 1,949,120,000 gallons of water.

To aid in the treatment process, the following chemicals were used:

Sodium Aluminate—for phosphorous removal	47,279 gallons
Sodium Hypochlorite—for disinfection	31,762 gallons
Sodium Bi-sulfite—for de-chlorination	21,567 gallons

The Treatment Plant consumed 1,416,000 kilowatt hours of electricity.

Materials removed from the waste water stream include:

Grit, Sand and Gravel	86.2 cu. yds.
Raw Sludge	9,789,702 gallons
Secondary Sludge	16,028,673 gallons

3,878 cubic yards of digested sludge cake was produced and sent to a New York State compost facility.

This facility operated within the conditions of the discharge permit throughout the year.

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant. Some of the larger tasks that were accomplished this year include:

- Replacement of Gas Compressor No. 1.

- Replacement of two pumps at the Dorr Drive Pump Station.

- Built and installed new pump control panel at the St. Joseph's Pump Station.

- Complete upgrade of the Alpine Pipeline Pump Stations.

The operators at the Treatment Plant played a key role in the successful completion of these ambitious projects. I would like to take this opportunity to thank them for their hard work and dedication.

We extend our sincere appreciation for the assistance and cooperation extended to us by the other divisions in the DPW, the Mayor, Commissioner and the Board of Aldermen.

Wastewater Collection Division

Paul Julius, Wastewater Collection Manager

The Wastewater Collection Branch has completed the following work for the fiscal year 2000-2001 with the following employees:

Sewer Specialists

Steve Davine
Bruce Taylor
Robert Tyler, Sr.
Fred Wood

Backhoe Operators

Bradley Frederick
William Santwire

The Wastewater Collection Division maintains and cleans the city sewer systems; basins are cleaned with a Vaccon truck. The Division also responds to sewer complaints and emergency situations.

The Wastewater Collection Division also works with other Divisions on snow removal, sanding and salting streets and sidewalks.

Catch Basins replacements	28
Total footage of pipe	26 feet
New Basins	10
Total footage of pipe	30 feet

Repairs to storm sewers	2
Total footage of pipe	86 feet
Repairs to manholes	6
Respond to sewer problems	54
Replace manholes	4
Total footage of pipe	49 feet

Rutland Recreation & Parks Department

EJay Bishop, Superintendent

This past year has been a year filled with accomplishments and change for the Department. First, I have been overwhelmed by the privilege to serve the people of Rutland City as the new Superintendent of Recreation and Parks. I feel extremely fortunate to have been born and raised in this community and now having been given an opportunity to help develop and maintain the quality of life for all of the residents is a very special honor that I will not take lightly. I'm very thankful for the trust and confidence the Mayor and the Board of Aldermen have shown in me.

With that said, I would like to publicly thank my predecessor Leif Dahlin, for all that he has done for this City. Leif gave almost 7 years of dedication to the residents of Rutland City. He has accomplished many things in a short period of time for the City and has laid the groundwork for the future. In his own unique way he carved out a spot in all of our hearts for him. It was a joy to work with him and a privilege to follow in his footsteps!

In the spring, we began to improve the infrastructure at Monsignor Connor Park. With the aid of a matching grant, the tennis courts and basketball courts will be completely resurrected and new playground equipment will be purchased and installed. The tennis courts will be resurfaced and have new net posts and fencing. The basketball courts will be completely redone with new backboard systems and a new playground will be designed to better suit the park and the children. Each step we take with these improvements takes us one step closer to bringing our parks back to a level we can all be proud of. This has all been made possible through the generosity and willingness of many people in the community, organizations, the Mayor and the Board of Aldermen. However, we still have a number of capital projects that need to be addressed and should be included in the grand scheme of the City's infrastructure overall needs by inclusion into a capital planning exercise.

As in the past, we continue to enhance the programs offered by this department to the residents of the community and region like youth team sports, day camps, sports camps, Zero Gravity, Pre-School at Rotary, adult leagues, adult and youth classes, aquatics and special events such as the Halloween Parade, summer concert series and the list goes on. In addition we work with a host of agencies, organizations and businesses in helping provide leisure and quality of life programs. In short, it is the sum total of these activities provided by the Recreation and Parks Department and in concert with other organizations that are major contributing factors to the wonderful quality of life we experience here in the Rutland area.

Essential to our existence are the hundreds of volunteers who selflessly give of their time, expertise and commitment to our community. The combination of volunteers, local organizations, businesses, part-time staff and our full-time staff provide the framework that allows this department to flourish. It is people of this community who make this Department! Thank you all for being a positive influence in our community, you do make a difference.

The future is full of exciting opportunities that we must explore. Even though

I'm very proud of where this department is today, we must continue to strive to be better and to offer as many quality programs as we are capable of with this community's help. We are here to serve you to the best of our ability. However, you must understand we may not be able to do everything you would like, especially without the financial and human resources needed to accomplish certain goals. Along with continuing to repair and improve our infrastructure we will be leading an exercise to explore the possibilities of a regional recreation concept that might include a new recreation center. While in the interim this facility is serving the City well, we cannot become complacent with the idea that Dana is our permanent home. To do that, would be a disservice to the community.

Know that our door is open to you to come in and share concerns, make suggestions or get involved. You are the Recreation and Parks Department. We provide so much more than just fun. We play an integral role in helping to develop viable contributing members to our society.

FACILITIES

Dana Recreation Center

39 East Center St. / Telephone numbers 773-1822 or 23

Department Offices, Meeting Rooms, and Gymnasium.

Offices for: Killington Music Festival, Crossroads Council, RSVP, Headstart

Guitar Lessons

Harmonica Classes

Aikido Classes

Our "**41st Halloween Parade**" was held on Halloween night, Oct. 31!! More than 60 area bands and floats participated in this year's parade. The parade was lead by "Queen" Jill Talbot, a senior at Mill River Union High School who was chosen from an array of local high school entries, and ended with this year's "Mr. Jack O'Lantern" Tom Donahue, head of the Rutland Region Chamber of Commerce. The Loyal Order of Moose Club #1122 held their annual "Youth Honor Day" Party following the parade, open to everyone.

"Santa Phone Calls"

The Recreation Department features a direct line to the "North Pole" put through by our own Santa Operators on December 13 from 5:30-7:30 PM.

CHRISTMAS

Rutland Partnership hosted activities for the year 2000 Starry Nights. Included in the program were: VIP nights, showing customer appreciation at various downtown businesses with refreshments, specials and discounts; Santa horse and wagon rides, Christmas caroling by CKS faculty, Star-gazers night with Ron Lewis, astronomer; Starry Nights Craft Show, and Blessing of the Animals.

SPECIAL EVENTS

"Art in the Park"—Chaffee Art Gallery

Rutland Region Ethnic Festival—September 17 on Center St.

Fishing Derby—co-sponsored by the Kiwanis

Bicycle Safety—co-sponsored by the Kiwanis

SPRING AND SUMMER EVENTS

White's Swimming Pool—Opened June 10. Olympic and Wading Pools.

Four two-week sessions of lessons were offered in the following categories: Water babies; Aquatots; Pre-School I, II & III; & Levels 1-7. Also offered were: Diving Classes and Lifeguard Training. The City Swim Team was under the direction of Barbara Marshall and staff.

Great Escape Tickets

Offered through the Department at a discount in conjunction with the Vermont Recreation & Parks Department.

YOUTH ACTIVITIES FOR SPRING

Boating Safety	Ages 10 & up
Music and Movement	Toddler to age 4
Playgroup	6 months-5 years
Chess and Checkers Club	All Ages
Field Hockey	Grades 5-8
U4-U14 Soccer	Ages 4-14
Mitey Mites and Tee Ball	Ages 6-9
Midget League	Ages 10-12
Jr. League Baseball	Ages 13-14
Sr. League Baseball	Ages 15-17
Girl's Softball (Minors)	Ages 9-12
Girl's Softball (Majors)	Ages 12-15
Girl's Softball (Seniors)	Ages 14-HS Senior

YOUTH ACTIVITIES FOR SUMMER

Creative Playground	Ages 4 & 5
Safety City	Ages 4 & 5
Baseball Camp	Ages 9-12
Boys Basketball Camp	Grades 5-12
Girls Basketball Camp	Grades 4-12
Camp Danamore	Grades 1-3
Camp Pine Hill	Grades 4-6
Note: Camps offer Tutorial Program and Danamore offers swimming lessons during sessions 2 & 3.	
Flag Football Camp	Grades 5-8
Soccer Camp	Ages 7-14
Pre-Season Soccer Camp	Grades 7-12
Learning to In-Line Camps	Ages 5-15
Mt. Bike Camps	Ages 6-16
Skateboard Extreme Camps	Ages 10 & up
Roller Hockey Camp	Ages 5-18

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 2001.

The Board of Health consists of Robert Beauchamp, R.Ph., Michael Durkin, RN and William A. Pratt, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of the City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality regulations.

We have all heard or read about West Nile virus, but many of you may still have questions or concerns about this virus. Last year, Vermont was one of 12 states in the country to document West Nile virus within its borders. In the fall of 2000, a dead hermit thrush was found in Putney that tested positive for the virus. This spring, the State Department of Health, the Department of Agriculture, Food & Markets and other state agencies, cooperated together to develop a West Nile Virus Surveillance and Response Plan for the detection and control of the virus. The State of Vermont Health Department has been collecting and testing both dead birds and mosquitoes for this virus throughout the state through the summer and early fall.

West Nile virus is transmitted to people from the bite of a mosquito that has been infected with the virus. The mosquito becomes infected with the virus when they bite a bird that is carrying it. Within a short period of time after a mosquito bites such a bird, their salivary glands become infected with it. Once this has happened they then in turn can pass this virus on to the animal or human they bite.

Most cases of West Nile virus are mild. Please be aware that most mosquitoes are not infected with the West Nile virus and even if an infected mosquito bites you, the chances of your getting sick are low. However, should you develop symptoms such as high fever, confusion, muscle weakness or severe headaches, you should see a doctor immediately! People over the age of 50 are at the highest risk of becoming severely ill from the virus should they be bitten by an infected mosquito. Infants may also be at a higher or increased risk.

Some of the following suggestions may help reduce the number of mosquitoes in or around your home.

- Report dead or dying birds in your area to your state health department.
- Wear long sleeve shirts or pants whenever you are outdoors
- Avoid activities in areas where mosquitoes are present.
- Remove areas of standing water around your house - discarded tires; clogged roof gutters; plastic wading pools; wheel barrows; stagnant birdbaths; ornamental fish ponds that are not aerated.
- Keep swimming pools clean and chlorinated; keep standing water out of pool covers and other areas around your property where landscaping may allow it

to collect.

- Take special care to cover up arms and legs of children playing outdoors.
- Cover baby carriages or outdoor playpens with mosquito netting.
- Fix any holes in your window or door screens and make sure they are tightly attached.

To date there have been no documented cases of human illness caused by the West Nile virus in Vermont. With proper precautions and common sense we can all have a safe and healthy summer.

On behalf of the Board of Health and myself, I would like to thank Mayor Cassarino, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

Board of School Commissioners

Michael R. Dick, DMD, President,

Board of School Commissioners

Mary E. Moran, Superintendent of Education

To the Citizens of Rutland City:

It is a pleasure to provide this report to Rutland's citizens regarding the status of the city school system.

It is the goal of the Rutland City Public Schools to provide the best quality education at the most affordable cost. To do so we have established Great Expectations for teaching and learning. We promote the highest possible performance standards for educators and others who contribute to the education and welfare of our children, and we demand the highest possible performance standards for intellectual growth and behavioral expectations for all of our students.

The attached "Report Card" on student achievement provides a summary of three standardized measures of student achievement. We review these results, share them with parents, and seek to use them to improve our educational programs. We think that the Report Card is important and we will continue to publish our results.

The Rutland City Public School District is comprised of six schools and three special programs serving almost 3000 students, led by a talented and dedicated administration, faculty and staff of approximately 450. For a more detailed profile of our schools and community, please contact my office at 6 Church Street (773-1900) for our *School Report Card*, which highlights assessment results and activities in all our schools.

Northeast and Northwest Schools continue to serve approximately 300 students in Kindergarten through Second Grade. The Pierpoint Primary Learning Center, located at the former regional library, houses 60 students in grades K-2. We are in the third year of full-day Kindergarten, a program which we feel serves young children well and gives them an even better head start on that most important area: learning to read.

The Rutland Intermediate School, located at the former Rutland High School site on Library Avenue, serves approximately 775 students in Grades 3-6. The Rutland Middle School located on Library Avenue, serves 400 students in Grades 7 and 8. The enrollment continues to increase at the "new" Rutland High School campus on Stratton Road and Woodstock Avenue, where we currently have 1200 students. Well over 260 students attend the full time program at the Stafford Technical Center, and over 900 adults take part in our Adult Education program. Our new relationship with Vermont Technical College will enhance and expand educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students from Rutland Town, Mendon, Chittenden, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge continues to increase. In July 1993-94, there were 153 tuition students at Rutland High School. We now have approximately 330, an increase of over 100%. New programs,

including an increase in the Advanced Placement and honors courses, an infusion of modern technology and additional offerings in the Arts at Rutland High School, have contributed to the increasing attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Alternative Education Program (AEP), located at the Howe Center, serves 50 high school students in an off-campus alternative education and service program designed to prevent students from dropping out of school. The SUCCESS School serves approximately 50 students in grades K through 12 who have had difficulties in adapting to a traditional classroom and school environment. This program combines academics, adventure-based learning, work and community service in a way that better meets the needs of these students, and also ensures that all of our schools maintain a safe, orderly, disciplined environment. Finally, the Early Essential Education Program serves twenty-four 3 and 4 year olds.

Our goal is to continue to work cooperatively with the municipal side of city government, pursuing every possible way to create cost savings and enhanced collaboration. We continue to lease the former Dana School to the city Recreation Department as part of a five-year program, providing relief to that department and to city taxpayers. We have developed a wonderful relationship with the department and its Superintendent, EJay Bishop, keeping in mind that all of the schools are available for Recreation Department Programs and activities throughout the school year, as well as in the summer.

In addition, we continue to provide rent-free space for the Boys and Girls Club to support increased recreational and cultural opportunities for area teens. The Club, with over 900 members, is located at the former Southeast School with late afternoon, early evening and Saturday hours in a very well supervised environment. We also provide rent-free space to house the United Way of Rutland County in the Longfellow Building as part of our commitment to community service.

In the past year, we have brought in more than \$1,000,000 in support to the system that would not otherwise have been available had we not focused on grant acquisition. Our plan is to increase upon that figure for the benefit of city taxpayers in the future. Working with the Rutland Central Supervisory Union (Rutland Town, Proctor and West Rutland), we were awarded a three year federal 21st Century Community Learning Center Grant to support the Tapestry Program which offers expanded after-school, Saturday and summer enrichment and remediation opportunities to our kids.

We look forward to continuing to work with you, the staff and the students in the Rutland schools as we provide the best possible education for our community. And, as always, we pledge that: **We will treat all of the children in the Rutland City Schools as if they were our own.**

Rutland City Public Schools "Report Card"

There are many methods to evaluate the quality of schools. These include both objective and subjective measures in areas including: the quality and academic preparation of faculty, administration and staff members, Community support and involvement in the schools, curriculum and instructional programs, assessment of student progress, student support services, library/media services, positive school climate, facilities and other related services.

The New England Association of Schools & Colleges (NEASC) provides a nationally recognized comprehensive evaluation/accreditation process that allows schools to be measured against an agreed upon set of standards that are indicators of school quality and success. All six Rutland City Schools took part in this rigorous process of self-study, reflection and evaluation in preparation for the arrival, in March of 1998, of visiting teams of professional educators who assessed each school to determine the degree to which we are meeting the Standards of Accreditation. We are very pleased to report that all five of our City schools as well as the Stafford Technical Center were awarded full accreditation status by the NEASC. This process does not, however, end with the vote of accreditation. There is a rigorous, ongoing follow-up process in which all schools must participate to maintain their accredited status. All of our schools are doing so, with very positive results.

One of the most important Standards of Accreditation is the "Assessment of Student Learning Standard" in which we are asked to measure both individual and school performance. There are many ways to measure and report student progress on a day to day basis. Teacher observation, reports, tests, projects, essays, oral reports, work samples and portfolios are but a few examples. In addition, it is important to have the information that external, standardized tests can provide. Such assessments include the PSAT, SAT I, SAT II and the Advanced Placement Exams administered by the College Board as well as nationally developed norm-referenced and standards-based tests.

The results of the following three assessment programs allow the Rutland City Public Schools to provide an annual "Report Card" to the citizens of Rutland.

Students in the Rutland City Public Schools took part in three major assessment programs in the Spring of 2000, the **Vermont Developmental Reading Assessment**, the **Terra Nova Multiple Assessments**, and the **New Standards Reference Examinations in Language Arts and Mathematics**. There are several important purposes of these assessment programs. The primary one, of course, is to help individual students to learn, grow and improve their school performance over time. In addition, a varied and comprehensive assessment plan seeks to support the evaluation of programs, the revision and improvement of curriculum and instructional methods, the development of comprehensive professional development and the selection of new texts and other instructional materials.

The **Terra Nova Multiple Assessments** are norm-referenced tests. As such, they are designed to compare the performance of an individual student or group to another student or group by distributing performance across a normal curve. If a student is at the 66th percentile, this means that the student performed better than 66% of the students in the national group. The results of the 2000 Terra Nova tests indicate where our students stand in relation to over 750,000 students who took these tests nation-wide. A chart showing a comparison of results from 1997 through 2000 is at the end of this report.

TERRA NOVA	Reading	Language	Math	Science	Social Studies
Grade 3:	52.8%	52.3%	51.3%	50.7%	51.9%
Grade 5:	63.5%	54.6%	54.8%	62.7%	63.0%
Grade 7:	67.7%	66.7%	61.7%	58.8%	61.9%
Grade 9:	73.4%	76.3%	71.4%	69.1%	73.7%

The **Vermont Developmental Reading Assessment (VT-DRA)** is an individually administered, standards-based reading assessment administered at the end of grade 2. This test determines the highest rate of text difficulty at which students read with acceptable accuracy and comprehension. In the VT-DRA, proficiency levels are: Achieved the Standard with Honors, Achieved the Standard, Nearly Achieved the Standard, Below the Standard and Little Evidence of Achievement. The following results are for 2000.

	Rutland	Vermont
• Achieved the Standard with Honors	47%	43%
• Achieved the Standard	23%	33%
• Nearly Achieved the Standard	16%	12%
• Below the Standard	6%	6%
• Little Evidence of Achievement	7%	5%

The **New Standards Examinations in Language Arts and Mathematics** are standards-based tests which describe student performance against a set of defined standards. Results are reported by proficiency levels which represent the degree to which the student has attained the standard. In the New Standards tests, these proficiency levels are: Achieved the Standard with Honors, Achieved the Standard, Nearly Achieved the Standard, Below the Standard and Little Evidence of Achievement. Rutland City and Vermont results are shown on the following chart. They indicate how well students in Grades 4, 8 and 10 are achieving the standards and compares these figures to all students in Vermont. A chart showing a comparison of results from 1997 through 2000 is at the end of this report.

Terra Nova Multiple Assessment Results 1997, 1998, 1999, 2000

Athletic Receipts	42,000.00	42,000.00
Lunch	905,714.00	905,715.00
Federal and State	6,643,013.00	5,562,640.00
State Wide Property Tax	6,919,308.00	7,058,018.00
Local Share Property Tax	1,354,109.00	1,160,920.00
Special Education Reimbursement		<u>2,180,000.00</u>
GRAND TOTAL RECEIPTS	\$26,400,694.00	\$28,824,689.00

*The 2000-01 Block Grant totals \$14,633,219.00. Of this amount, \$7,058,018.00 will be collected by the City Treasurer as the State Wide property Tax and distributed to the school system as it is collected.

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school aged child who is not currently being served, please contact the Support Services Office at 773-1917.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of Rutland:

Over a century ago Charles Dickens wrote at the beginning of his great saga, A Tale of Two Cities: *"It was the best of times, it was the worst of times."* As with all classic pieces of literature, the truth of a particular situation is timeless and universal.

This year has been one of great ironies as we have experienced both fortunes and misfortunes that will continue to affect nearly every library user in for the foreseeable future. Within days of learning Rutland Free would be eligible for a Freeman grant of \$500,000 for new materials, new technology and new services, we lost 20% of our operational funds for the upcoming year when Rutland Town voters defeated the library appropriation by eleven votes. The subsequent re-vote in June did not change this bleak picture. The Freeman Funds had been designed to help libraries move more quickly into a changing picture of information delivery services, not for supplementing current funds or relieving local tax burdens, thus increasing the irony of the Rutland Town loss. Not only does it appear that our exciting plans WILL become a reality with these special, one-time funds, the changes will be unavailable to many town residents now forced to pay for a card at the cost of \$27 per person, rather than under \$20 per household. A number of families and senior citizens have suffered as a result. The Board of Trustees also lost two excellent, dedicated town representatives.

The announcement of the Freeman gift to all qualified public libraries in Vermont came on the heels of several other grant notifications for us; \$50,000 from the state library, \$17,500 from the Bill & Melissa Gates Foundation, and \$4,000 from the IBM Corporation, each for technology improvements. And so the library has continued to carry out extensive plans for both physical and service improvements as its very underpinnings of local support have been badly eroded.

How the library is funded is not well understood and how vulnerable it is has been too clearly demonstrated. Through the cooperative efforts of five communities the library, an incorporated 501c3 non-profit institution, has offered extensive hours, services and resources to the region. When one community pulls out of that cooperative network, every remaining citizen is affected. Unlike 45 other states, Vermont offers no direct tax support to its public libraries, though consultant services, some shared reference services and small traveling collections are available.

To address this problem of support and perceived fairness we have asked each select board and the city's board of aldermen to send one representative to a series of summit meetings that will be held in the fall and early winter of 2001, for the purpose of seeking a more stable and equitable means of local support for this uniquely American institution – a local and free public library. All five communities have agreed and meetings are expected to start in October.

In the meantime... the library has continued to serve the region in many ways. Kids read at least 52,232 books this year and their elders nearly doubled that at 94,746. We answered over 1,000 reference questions every month and held over 275 programs in the Nella Grimm Fox Room. Over 6,000 people attended these programs, many of them also visiting resources downstairs, for a total visitor count

of over 127,000. Over 16,000 people in the region carry a Rutland Library card. We began the purchase and upgrade of our ten-year old automation system, scheduled for public introduction in August and with it, the expansion of our Internet Access terminals from three to six. We expect the number of Internet visitors to exceed 15,000 in the coming year. We have continued to build coalitions with other local organizations to provide a more comprehensive network of services to the community, most recently in the areas of literacy and health.

The building was at last given some attention as we had the sinking front steps from 1858 lifted up, painted trimwork that hadn't been touched in over twenty years, added some storms and screens and replaced the lobby's deteriorating and unsafe floor with a durable porcelain tile that recreated the original floor color and pattern. Many additional physical improvements are planned for the coming year when Freeman funds are released: air conditioning, shelving, carpeting, efficient lighting and more seating, as well as a large influx of new formats: DVDs, e-books, CDs, online full-text database services and expansion of audio/visual collections as well as books.

The library's current staffing, hours and services are on a month-by-month review basis as the new fiscal year begins without Rutland Town support. It is, indeed, the best and worst of times, made bearable with a determined staff; a committed board and legions of library users who cannot imagine life without a public library. We have a year of hard work ahead to insure that the unimaginable does not become a reality through inattention to solvable problems.

Rutland Redevelopment Authority

Frank Heald, Chairman

Matthew Sternberg, Executive Director

Rutland Redevelopment Authority is pleased to present this report on activities during the 2000-2001 fiscal year.

The most dynamic project undertaken was the preliminary design for the rail yard relocation. In keeping with its railroading history, Rutland continues to play a central role in Vermont's transportation network. A full 80 percent of rail freight originating in or destined to Vermont passes through Rutland. As freight traffic builds, the yard's capacity is tested; estimates indicate the capacity will be fully maximized by the end of 2004, meaning that further freight movements will be forced onto the highways. Also, congestion caused by the obsolete yard configuration around Howe Center makes progress difficult both for the railroad and for Rutland businesses.

The solution is to move the yard to an 80 acre site straddling the City-Town line opposite the dead end of Ranbury Road. The State of Vermont funded initial feasibility studies in the amount of \$120,000, and approved \$380,000 to begin the Federal permitting process during 2001-2002. The project is being managed by RRA with oversight by a joint intermunicipal committee of City Aldermen and Town Selectmen. Summaries of the scoping report are available from RRA by calling 775-2910.

A second major project launched was an industrial recruitment initiative targeting the Province of Quebec. Teaming up with Rutland Economic Development Corporation (REDC) and Central Vermont Public Service (CVPS), RRA has approached over 250 Canadian plastics manufacturing firms to market expansion sites in Rutland City and the Airport Industrial Park. Plastics are an attractive product for our region because they are environmentally clean and make good use of rail for delivery of raw materials. Several plastics manufacturers are operating in the Rutland area quite successfully.

Canadian firms have been a significant factor in the revitalization of the Plattsburgh, NY area. By bringing the foreign firms closer to US customers, central Vermont offers a tangible benefit to companies based in the Province. Rutland in particular is an attractive alternative to the crowded Burlington market. The marketing team will be making site visits throughout the fall and is developing a bilingual website for recruitment information.

In the housing arena, RRA assisted Rutland County Community Land Trust in securing funding to start renovation of two historic brick apartment buildings on Columbian Avenue. That project is fully funded and under construction as of this writing. Working in close collaboration with the Aldermen's Community Development Committee, RRA continues to pursue a variety of revitalization concepts to improve housing in several city neighborhoods.

In summary, programs are underway to bolster investment in the City's commercial Grand List. While such projects are complex and can take months or even years to come to full fruition, the caliber of improvements under development is significant, and in the long term will serve Rutlanders well.

Downtown Rutland Partnership

Carol B. Macleod, President

Toni Lynn Trottier, Executive Director

To the Honorable Mayor, Board of Aldermen, Citizens of Rutland City
and members of the Downtown Rutland Partnership:

Successful SBD's typically go through three distinct organizational phases:

The Catalyst Phase - In this phase, the revitalization program is created; collaborative partnerships are built; basic revitalization skills are learned and implemented; and the initiative begins to establish a credible presence within the community.

The Growth Phase - This phase is when the bulk of the major reinvestment needed within the district takes place.

The Management Phase - Where the organization constantly monitors the marketplace to assist the district in making necessary economic adjustments; ensure the district is well maintained and continues to stimulate physical improvements and economic innovations.

Beginning with Mary Means' study "On the Right Track" in October 1989, the Partnership has reached the *management phase* of its revitalization process.

More than ever before, we must fuse with a variety of partners -both public and private-to provide the best services we can to our members and to assure the continued vitality of Downtown Rutland. It is not enough to have Downtown Rutland Partnership working to tackle the numerous challenges confronting us to keep the Downtown Rutland economy strong and thriving, or to expect the Partnership to assume full accountability for addressing the well being of Downtown Rutland.

An increase in demand for Partnership services is beginning to exceed available human and fiscal resources. The intricacies of today's concerns require that we become much more specialized in the delivery of services. As a result, we must start to grow working coalitions with all available resources.

Public partners include regional development corporations, planning commissions, and marketing organizations. Such groups as the Rutland City departments of public works, parks and recreation, fire and police; the Vermont Small Business Development Center; RRA; RRCC; REDC; The Rutland Regional Planning Commission and Vermont's Agency of Commerce and Community Development can help us greatly in achieving the range of services we need to provide for in Downtown Rutland.

For the fiscal year 01/02 our Private partners - Atomic Professional Audio, Celebration Rentals, CVPS, Key Bank, Killington, Sherman V. Allen Inc., The Mountain Times, The Rutland Herald, The Rutland Regional Medical Center, The Vermont Country Store, and WJJR Radio are investing in "branding opportunities" generated by the Partnership's marketing programs and community events.

The Partnership is a people-driven and people-powered organization. Without our Community partners - the Rutland Garden Club, RSVP, 4-H, CVPS Green team, committee members and dozens of enthusiastic volunteers who provide much-

needed manpower, the Partnership would not be as successful as we are in implementing the many programs that promote Downtown Rutland as a vibrant, exciting place to shop, dine, work, and play.

The Partnership's **VISION** is to ensure that Downtown Rutland remains beautiful and dynamic with an energetic and diverse economy and healthy community.

Our **MISSION** - adopted in 1992 - is *dedicated to the economic prosperity of the City of Rutland. Our purpose is to manage, market and maintain the Downtown Rutland special benefits district and advance those activities that will improve the vitality of the business community and enhance the cultural and physical climate of the district.*

In accomplishing our mission, we revisit, reevaluate, revise and reinforce the **VALUES** as established by the founders of the Partnership. We take action and seek to act strategically for what is best for Downtown Rutland and the Partnership's members.

We endeavor to be conscientious wardens of the resources and responsibilities entrusted to us by members of the Partnership. We value and seek out the widest possible community participation and wide-ranging public and private partnerships with interrelated organizations. We support careful use and attentive stewardship of the Partnership's finances and the re-use of existing assets wherever possible, as a part of encouraging sustainable growth in the Downtown District.

"One of Vermont's most compelling and distinct characteristics is its small, vital cities and villages. Without strong downtowns and village centers, this sense of place and community and the very communities themselves, are at risk - Molly Lambert, Secretary, Agency of Commerce and Community Development.

The Partnership is committed to strengthening and enhancing Downtown Rutland to ensure a healthy and vibrant Downtown.

From the time the Partnership became Downtown Rutland's management entity the economic landscape of the central business district has undergone dramatic revitalization. New challenges now face the organization as the retail/service and office fabric of Downtown evolves and regional competition is more ferocious.

This is the vision the Partnership desires to continue:

- A Downtown where *all* of our buildings are well maintained, ADA compliant, outfitted to accommodate the high-tech industry as well as first-rate retail operators and *fully leased*.

- Where the storefronts, sidewalks and streets are clean and neat; our parks and green spaces groomed and vibrant; and the economy flourishing and diverse!

A copy of the Partnership's FY01 /02 annual program and objectives is available upon request from the Partnership's office: 773-9380 or downtown@vermontel.net

Rutland Economic Development Corp.

David J. O'Brien, Executive Director

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Ever since its beginning in 1937, REDC has sought to bring together local business and community members to improve the Rutland region. From our first project to provide parking for downtown merchants to the many loans we currently provide to local business owners, we have remained committed to the concept that the standard of living and quality of life of the region's citizens can best be served by a vibrant, healthy economy, sensitive to the environment and preservation of our cultural heritage.

Our goal, therefore, is to attract and retain businesses that will provide quality job opportunities so that all of our citizens benefit. By working with companies to find suitable buildings in which to grow, obtaining state tax credits, and financing through various means, REDC helps many small businesses grow and prosper in Rutland County. Our partnership with the Small Business Development Center (SBDC) and Vermont Manufacturing Extension Center (VMFC) means that we can support these small businesses even further with other services that will increase their efficiency and profitability. More information about our many services is available on our website at www.rutlandeconomy.com or by e-mailing us at redc@rutlandeconomy.com.

Rutland County Solid Waste District

Jeff Wennberg, District Manager

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Rutland County Solid Waste District offers a variety of solid waste, recycling, waste education, household hazardous waste, composting and administrative support programs for our sixteen member municipalities. Some services are also available to non-District communities on a fee-for-service basis. In addition the District operates a regional drop-off center and transfer station at Gleason Road in Rutland City.

Waste Disposal: During 2000, residents and businesses in our member municipalities disposed of nearly 35,000 tons of municipal solid waste, nearly all of it through the District's master disposal contract with Casella Waste Management. This is a nine and one-half percent increase over 1999. For most of the year, the cost of disposal, handling and transportation from the District Transfer Station at Gleason Road to the landfill was \$66.57 per ton. State, local and district taxes totaled \$22.97, for a final disposal cost of \$89.54 per ton.

Recycling: The District owns a Material Recovery Facility (MRF), or recycling center, off West Street in Rutland City. The MRF accepts seventeen recyclable commodities for processing and sale for re-use. Commodities include fibers such as cardboard, newspaper and office paper; three colors of glass; plastics such as milk jugs and laundry detergent bottles (#2 HDPE), soda bottles (#1 PETE), plus tin and aluminum cans. In 2000, approximately 12,000 tons of recyclables were processed at the MRF.

Household Hazardous Waste: Rutland County Solid Waste District operates an extensive Household Hazardous Waste (HHW) program for district residents. The program now operates year-round from the Gleason Road facility, and up to three collections take place at twenty town transfer stations on Saturdays between spring and fall. Not including used motor oil, tires and asbestos, which the District also accepts at Gleason Road, the HHW program collected 8,940 gallons of everything from anti-freeze to pesticides in 2000. To encourage proper disposal of these items, there is no charge to District residents for HHW services. District waste surcharge fees paid for \$45,000 of the \$70,000 cost of this program.

Other Programs: The District also offered other waste management and reduction programs, including construction and demolition waste, yard waste, clean wood, food waste and concrete and asphalt "earth materials" recycling. In January, the District collected and processed over 1200 Christmas trees through the "Merry Mulch" program. The District's food waste program is operated in cooperation with the Rutland County Natural Resource Conservation District. Customers include supermarkets, greenhouses, restaurants and produce distributors. In 2000, composting programs diverted 405.75 tons of compostable food and yard waste from the landfill.

Management Issues: In March, Jeffrey Wennberg was hired as district manager, allowing Interim Manager Deane Wilson to return to his duties as recycling coordinator. To address long-standing financial concerns a number of programs were privatized, curtailed or eliminated. This allowed the district to reduce staff,

equipment and overhead expenses. Near the end of the year, the district, with the support of the City of Rutland, was able to extend its lease for the Gleason Road site, which in turn allowed the district to offer a long-term sub lease to Casella for their commercial transfer station. This resulted in a \$250,000 payment to the district, which was used to retire a number of outstanding debts.

Rutland Region Transportation Council

Mark Germanowski, Regional Transportation Planner

The Rutland Region Transportation Council promotes cooperation and coordination on transportation issues in the Rutland Region. Formed in December of 1992, the Transportation Council provides a forum for the development of regional transportation policies and priorities and coordinates the implementation of those policies and priorities with the Vermont Agency of Transportation. State and federal funds are obtained by the Rutland Regional Planning Commission, which provides the financial support for the Council. The Planning Commission also provides planning, administrative, and geographic information system staff.

All municipalities in the Rutland Region are encouraged to be active in the Transportation Council and those with representatives named to the Council may vote. Municipalities are not obligated to participate in the Council and those that do participate may cease their involvement at any time.

Over the last fiscal year (October 1999 - September 2000), the Rutland Region Transportation Council and its staff have been working for improved transportation in Rutland County in the following ways:

- Provided comments to the Vermont Agency of Transportation on the development on the state FY 2001 transportation Capital Budget and program;
- Continued to assess Rutland Region's top transportation problems and identified areas that should undergo further evaluation;
- Participated in "Scoping" (pre-engineering) activities to advance local highway and bridge projects;
- Continued to address seasonal transportation problems along VT 103, VT 100, and US 4 by working with staff of neighboring Regional Planning Commissions;
- Participated in the development of the US 4/US 7 Draft EIS preferred alternative to upgrade US 4 and US 7;
- Cooperated with the Agency of Transportation as it prepared freight movement study and trucking study;
- Continued to update the Rutland Region Transportation Plan in conjunction with the Rutland Regional Planning Commission;
- Informed communities of opportunities presented by new state transportation programs;
- Provided input to consultants preparing update of Rutland Airport Capital Facilities Plan;
- Assisted communities by collecting traffic data using automated traffic counters;
- Distributing reports, bulletins, fliers, and newsletters, and maintaining the Council's Web page.

In the current federal fiscal year (October 2000 - September 2001), the Rutland Region Transportation Council is continuing many of these efforts. It is also undertaking other initiatives, such as promoting awareness of new state "curb cut" or access management guidelines.

Meetings of the Rutland Region Transportation Council are held once each month, normally on the fourth Thursday, in Rutland. All those with an interest in transportation and related issues are invited to attend. Questions about the

Transportation Council may be directed to the following individuals: Mark Germanowski, Regional Transportation Planner (775-0871) or Richard Baker, Chairman (247-6366).

Cemetery Commissioner's Report

Kenneth N. Hart, Committee Member

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Dawn Hance, who resigned as Chairperson of the Cemetery Commissioners should be commended not only for the work that she has done, but for all of her historical research on veterans of both the Revolutionary and Civil Wars. Both cemeteries had restoration work done and more could have been done had funding been made available.

The mowing of the grass keeps the cemeteries respectable, but on a closer look there is much that could be done; like fence replacement, brush cutting and general picking up of branches and debris. And there is always the restoration of the fragile monuments in both cemeteries. The mowing contract for the past fiscal year was \$5,745.00.

The Committee feels that if we can get North Main Street Cemetery upgraded to satisfy the standards of the Committee, and Membership of Grace Congregational Church to accept the deed, ownership and maintenance of that burial ground, it would be to the City's advantage in the long run.

Rutland Historical Society

Helen K. Davidson, President

The Rutland Historical Society, which occupies the old Nickwackett Fire House, continues to be a place of great activity. Archival and research materials are constantly received and added to the collections by volunteers who meet weekly to process and catalog these gifts. The Society's materials are available for use during the public hours on Mondays from 6 to 9 pm and Saturdays from 1 to 4 pm. Special arrangements to visit the Society can be made upon request.

During the past year the Society has hosted special programs for school and community groups both at the Society and at other locations. In May 2001 the Society made arrangements for and hosted the annual meeting of the Vermont League of Local Historical Societies. During May and June of 2001 the Society was host to 300 children who made school group visits. School groups are provided a special program and a walking tour. Society volunteers also made visits to the Rutland Intermediate School and Rutland Area Christian School to discuss the Depression and the Home Front during WWII.

During the fall the Society offered public programs on "An Overview of GenExchange (a free genealogical database on the Internet)"; "Practical Hints and Advice on Family Research in the Rutland Area"; "Caring For and Sharing Family Photos"; and "The Hannonah Higgins Family Tree - A Case Study". Spring programs included "A History of Fern Cottage: The Home of Zulma Dorr and Her Husband William Steele"; "Hands on the Land", co-sponsored with the Castleton State College Library; "A History of Baseball", co-sponsored with the Vermont Historical Society; and "19th Century American Popular Music", sponsored by the Society with assistance from the Vermont Council on the Humanities.

The Society continues to participate in the community's two major parades, the Loyalty Day Parade and the Halloween Parade. In 2001 the Society's summer dance series, co-sponsored with the Rutland Recreation Department, moved to Saturday nights for its Fourth season. The Society also continued its participation in Rutland's First Night Program by providing a Sing-a-long program. The monthly "Historically Speaking" series continues on Channel 15, the local public access channel. The Society is now entering its third year of programming that can be seen weekly on Wednesdays at 4:00 pm; Thursdays at 1:30 pm; and Fridays at 7:30 pm.

Four Newsletters and Quarterlies were published during the year. Quarterly subjects were, "When the 'Babe' Came to Rutland October 1919" by Jacob Sherman; "The Howe Scale Company: Its Time and Its People" by S. Kendall Wild; "Tales From the Caddy Shack" by John W. McDonough and "Moving the Curtis House" by Helen Davidson. "Tidbits From Then and Now" continues as a weekly series in *Sam's Good News*.

The main exhibit this year was "Eight Generations Rutland's History" [1770 to 2010]. The exhibit has a companion brochure identifying some of the key persons and events in Rutland's past generations whose images appear in the exhibit.

The Society's photo reproduction program continues to supply individuals and businesses with a free service in selecting appropriate photos and getting them reproduced. The reproduction costs and framing are the responsibility of the client.

The Society Board of Directors decided to donate reproduced pictures of Rutland's history and the associated frames for the newly renovated City Hall in Rutland. A City Hall committee has worked with the Society to select pictures and approximately 48 frames will be mounted in the hallways of the renovated building.

Increasing collections and increasing activities have created a special need for additional volunteers in most functions of the Society. We are pleased to report that, from statewide meetings that we have attended, the Rutland Historical Society is viewed as a well-organized Society and in the forefront of new initiatives among local historical societies.

The Rutland Historical Society thanks its members and the people of the community for their continuing support. With the help of new volunteers we hope to further expand our services in the coming year.

Regional Ambulance Service, Inc.

Paul Kulig, President, Board of Directors

Samuel J. Gorruso, Rutland City Representative

To the Honorable Citizens of the City of Rutland, VT:

We are pleased to present our 18th annual report to the Citizens we serve. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for seventeen years. From 1983 to the end of this year Regional has responded to 77,261 ambulance calls. This past year, ending June 30, 2001, the service responded to a total of 6,349 ambulance calls in our 12 communities and an additional 1,234 "Medic One" paramedic intercept calls.

Call volume increased by 685 calls over the previous year. **We commend our staff for keeping up with the increased demand and for providing excellent service.** We are also very pleased to congratulate Kandis Holden for being honored as our "Star" at the American Ambulance Association's Star of Life celebration and James Collins for receiving the Vermont Paramedic of the Year award.

With the continued support of the citizens, our employees, and community governing bodies, we have been able to level fund or lower our assessment rate for the past 17 years. Our current assessment rate is \$4.75 per capita. The public support of our Membership program, direct donations, memorials and estate gifts has been vital to our continued success. We extend our appreciation to everyone for their support.

This past year one of our ambulances was hit in the side and the vehicle was totaled. Thankfully our personnel were not hurt. This forced us to rent an ambulance until the new ambulance is built and delivered. Two other ambulance boxes had been remounted on new chassis, saving over \$40,000, and due to the higher call volume, we have added a 6th ambulance.

Our motto "Serving People First with Pride, Proficiency and Professionalism" is demonstrated by our employee's commitment to continuing EMS training. Each year we have special training in Critical Care Paramedicine, Advanced Cardiac Life Support, Basic Life Support, Prehospital Advanced Trauma Life Support, Pediatric Advanced Life Support, Emergency Vehicle Operator, Bloodborn Pathogen and a variety of continuing education programs. Our professional staff is extremely capable and dedicated.

Monthly C.P.R. classes are taught at Regional Ambulance. Last year, through the R.A.S. Training Center, 1,107 people were certified in C.P.R. Tours, lectures, demonstrations, and C.P.R. classes are available for the general public. For further information call 773-1746.

The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your Representative, if you have any questions concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors, Administration and employees of Regional Ambulance Service, Inc. will continue working to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Police Department

If not stated separately, any applicable overtime is included in total earnings.

Please note that some of the Police Department Employees earnings listed under the Police Dept. contain overtime. A substantial amount of overtime that Police Department Employees receive is paid by private vendors for police services such as crowd control, traffic control and security.

List of Unpaid Taxes as of May 16, 2001

The list of unpaid taxes is as it appears on the records of the City of Rutland as of May 16, 2001 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of April 1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest & penalties.

Legend: P=payments being made; *=Paid after May 16, 2001
